

# **Kindermusik is the single best choice you can make for your child again and again!**

Kindermusik is the single best choice for children newborn to age seven. Researched and designed to create a rich, holistic learning experience for young children, the Kindermusik class environment employs the best of developmentally appropriate practice (D.A.P.) as identified by the National Association for the Education of Young Children (NAEYC). Developmentally appropriate practice means:

- Content is integrated in activities that touch every aspect of children’s development across the learning domains (social, emotional, physical, cognitive, musical, language).
- Content is presented through thematic connections that “speak” to children.
- Content meets each individual child’s unique needs within his own cultural environment.

The following chart shows how the Kindermusik curricula nurture every child’s development. Each developmental outcome is first stated through the child’s voice, followed by sample Kindermusik classroom experiences, and then restated with a “whole child” perspective—again through the child’s voice. Read the chart:

- from left to right to follow the development of one characteristic from birth to age seven.
- from top to bottom to follow the development of all characteristics within one age group.

<b>Kindermusik Curriculum &amp; Developmental Age</b>	<b>Kindermusik Village®</b> Babies newborn to 1½ years old	<b>Kindermusik Our Time™</b> Toddlers 1½ to 3 years old	<b>Kindermusik Imagine That!™</b> Preschoolers 3 to 5 years old	<b>Kindermusik for the Young Child®</b> Children 5 to 7 years old
<b>Child's Learning Mode</b>	<b>Primarily Receptive</b> Children this age are primarily in a receptive mode of learning.	<b>Primarily Imitative</b> Children this age learn primarily by observing and imitating others.	<b>Expanding Knowledge Base</b> Children this age are expanding their knowledge base through trial and error, talking, and moving.	<b>Application of Knowledge</b> Children this age are beginning to apply their knowledge in ways that are valued by adults.
<b>Child's Development Through: Rhythmic Activities and Instrument Play</b>	<p><i>"I can make sound with <u>this</u>."</i></p> <p>In class children</p> <ul style="list-style-type: none"> <li>• play with Village Baby Bells, Chime Balls, and Kindermusik Clackers under the close supervision of adults.</li> <li>• experience gentle bouncing.</li> <li>• do vocal play using rhythmic phrases.</li> </ul> <p><u>Whole Child Viewpoint</u>  <i>"This bouncing and rocking is stimulating my vestibular system so I can feel balanced. And when you hold me close while dancing, I can feel your heartbeat and listen to your breathing. I love you, Mommy."</i></p>	<p><i>"I can control the way I make sound with this instrument. I can do it just like you."</i></p> <p>In class children</p> <ul style="list-style-type: none"> <li>• shake egg shakers.</li> <li>• play one-bell jingles.</li> <li>• explore drums and woodblocks.</li> <li>• experience steady beat through rhythmic play-along selections to singing and recorded music.</li> <li>• do lap bounces.</li> <li>• do copy-me rhythms in vocal context.</li> </ul> <p><u>Whole Child Viewpoint</u>  <i>"I love to copy you. This feels good. My turn. Mine. Let's do it again. I can do it myself."</i></p>	<p><i>"I can think about the sounds I want to make on this instrument, make the sounds, and discuss them."</i></p> <p>In class children</p> <ul style="list-style-type: none"> <li>• play a variety of percussion instruments.</li> <li>• develop steady beat through dance-along and play-along activities.</li> <li>• compare and contrast sounds.</li> <li>• make instruments.</li> <li>• discover how sound is made.</li> <li>• learn about care and handling of instruments.</li> <li>• see print.</li> <li>• do graphic notation.</li> </ul> <p><u>Whole Child Viewpoint</u>  <i>"I can predict, organize a sequence, make comparisons, describe, and categorize things. I am beginning to see that I can write things down to remember them. These are lifelong skills."</i></p>	<p><i>"I can select instruments to play and then play something specific alone or in an ensemble. I can write down my song."</i></p> <p>In class children</p> <ul style="list-style-type: none"> <li>• select and play simple percussion instruments to use in original compositions.</li> <li>• compare and contrast sounds.</li> <li>• play simple tunes on the glockenspiel, dulcimer, and recorder.</li> <li>• write simple musical notation.</li> <li>• read simple musical notation.</li> <li>• take simple musical dictation.</li> </ul> <p><u>Whole Child Viewpoint</u>  <i>"I am in a real ensemble. I can do my own part with self-confidence. I contribute to my community of friends when we make music together. I am not a baby."</i></p>

<b>Kindermusik Curriculum &amp; Developmental Age</b>	<b>Kindermusik Village®</b> Babies newborn to 1½ years old	<b>Kindermusik Our Time™</b> Toddlers 1½ to 3 years old	<b>Kindermusik Imagine That!™</b> Preschoolers 3 to 5 years old	<b>Kindermusik for the Young Child®</b> Children 5 to 7 years old
